From Aspirations to Reality

Shalu Sharma

Hii my name is shalu sharma, I recently completed a data analyst course at Grass Solution Pvt. Ltd. The experience was excellent, providing me with valuable skills. Thanks to their training, I secured a position at Assessinfra Technology Pvt. Ltd. as a data analyst. I highly recommend Grass Solution for anyone looking to enter the field.

Rishabh Mantri

I did a Data Analytics course from here. I think Grass Solution is best than any other online and offline courses which was offered by any other Institute. The faculty is very good, friendly and teach each and every concept with full clarity. They will hold your back until you are not placed and after the placement also.

Ravi Sharma

I recently completed a Python internship at Grass Solutions, and I must say it was an incredible learning journey. Throughout my time there, I had the opportunity to gain valuable insights into the world of Python development, and I couldn't be more pleased with the overall experience. Mentorship: One of the standout aspects of my internship was the exceptional mentorship provided by the team at Grass Solutions.

Danish Ansari

My name is Danish Ansari. I have done my Data analytics training from Grras Solutions pvt. Ltd in Jaipur. The faculty of Grras Solutions is experienced and well versed with all the tools faculty helped me a lot by making the topics easy to understand and clear the concepts and the faculty are Industrial specialists. Hence, they also gave us insights into how the Industry works.

Aman Kumar Sharma

Hello, My name is Aman Sharma, I want to take this opportunity to share my views about the business analytics course at Grras Solutions. The content and teaching concepts by the trainers were consistently high quality and engaging. The practical exercises were helpful in offering a hands-on/ experience.

Deepak Rathore

Hello, I am Deepak Rathore & I recently completed a data analytics course from Grras solutions Jaipur and I can confidently say that it was one of the best decisions I've made. The instructors were knowledgeable and engaging, and the course content was well-organized and relevant to current industry trends.

Arbaj Khan

I had an amazing learning experience. And made my dream come true by getting placed as a graphic designer just after completing my course of graphic designing. Teachers are very helpful and friendly here they helped me with each and every doubt by taking one-on-one sessions and resolving all my doubts and made me work on live projects which help me gain real-world experience

Sakhi Chaudhary

Hello everyone, Grras Solution is one of the best IT Training Institute throughout the world. If anyone would like to join IT training course I must prefer one and only Grras Solution. I had joined Full Stack development course and I got more knowledge from here. Staff nature is very helpful and supportive. The part is that you can ask any doubts without nervousness. Thankful to Grras Solution Pvt. Ltd.

Raj Bhojak

I am Raj. I have completed Salesforce training classes in Jaipur from Grras Solutions. It is best training institute in Jaipur for IT training classes. The teacher and the assistant staff are very good.

I enjoyed the course. I get knowledge about Admin, Development, LWC, etc. Provide online and offline training modes are available and provides 100% job placement assistance after completing the course.

Aagam Jain

I had good experience In ui ux design It is one of the best place to learn graphic design with specialized trainer I am recommended this place to learn ui ux design

Manav Gupta

I did my studies from GRRAS, to be specific DevOps Course. I was quiet satisfied as the trainers helped me in my journey to be a DevOps Engineer.

Pooja Sharma

One of the best places to learn data analysis. The courses are well-structured, and the instructors are knowledgeable and supportive. The institute also offers career guidance and job placement assistance, which is incredibly helpful for students looking to break into the field. thank you

Kathanshi Jain

My name is kathanshi jain and I want to share my review about one of the most valuable UI/UX Design courses I've ever done. The material is concise and straight to the point, the practical elements were great in getting you comfortable with understanding and applying what you have learned. I highly recommend this for anyone who's not sure what UX/UI is about but interested in learning and pivoting into this field of work! The key part is having a best teacher as a guider in my journey of UI UX batch..

Vijay Chejara

This course was so amazing and I feel like I've learned a lot by not only taking in a lot of key points when it comes to you UX design but I feel like also I have a lot of applications that I can now use to the best of my abilities such as Figma which can aid me in the future! The content IS super good! Great flow , Engaging and practical. Also suitable for any non-designer/beginner who wants to learn about UI/UX design.

Arun Ahuja
